SUBJECT: No Free Lunch Act of 1985 (S. 176)

1. Attached herewith for your information is a copy of S. 176, nominally referred to as the No Free Lunch Act of 1985. If enacted into law, this proposed legislation would require that all federal executive dining rooms charge patrons enough to defray operating costs; in other words no subsidies.

2. Similar bills introduced in the past never became law. Nothing has changed in this Congress which would improve chances of this measure becoming law. Moreover, in its current form, it appears that the Agency is exempt from the bill by virtue of Section 8 of the CIA Act. Accordingly, the bill is forwarded to you for information; no comment is necessary.

3. Nonetheless, we will continue to monitor S. 176 and measures similar to it because they appear to contribute to deficit reduction.
